Professional Summary

Solution focused mental health professional with strong analytical and problem solving skills. I have several years of experience working in both the Inpatient and Outpatient setting. I am licensed in Maryland and Texas and I have worked with children, adolescents and adults. I implement effective evidenced therapeutic interventions to address presenting problems. I advocate for all patients and remain attuned to their needs to identify stressors which may impact their overall wellbeing.

I also have several years of experience working with EMRs; Epic and Cerner. I am certified in Epic Clindoc and credentialed in several other modules; Orders, Ambulatory, Willow and Beacon. Additional experience in ticket triage and resolution, Security, Smart Tools, Integrated Testing, Workflow Analysis, Systems training and build. Excellent verbal and written skills, with detail oriented reporting and communication.

As a Health IT consultant with a clinical background, I understand the nuances associated with the different departments within a hospital organization.
